

## "PNKCA Koi Show Cup Team Championship Series 2013"

In an effort to bolster our koi hobby and more specifically our Koi Show Clubs, PNKCA has sanctioned (for 2013) a "Koi Show Club Championship Series" for the purpose of promoting koi keeping and our koi hobby. A new and prestigious PNKCA award will be handed out at the end of each koi show season, after the last koi show of the year, to the championship winning club team and individual members of that team plus be acknowledged at the 2014 PNKCA convention.

### **Rules and Guidelines for 2013:**

Each PNKCA Club that promotes a Koi Show has the opportunity to field a team; non-PNKCA clubs are not permitted in competition.

- a. No limits on number of team members per team's club.
  - b. No limit on who is a club team member as long as they are members of that team's club.
  - c. Once you're a team member you are not allowed to join another team during current year's competition.
  - d. Team members can be from another club that does or does not host a koi show during the current year of competition by joining that host club's membership.
  - e. Team members agree to show at a minimum of two shows during the current koi show season. If a team member elects not to show at two shows or more, that team member's winning point total will not be counted towards their team championship total points at the end of the year.
  - f. No limit on number of koi entered by a team member – team members will adhere to each PNKCA club's koi show rules and regulations regarding number of koi allowed per koi show entrant (minimum/maximum).
2. Point Distribution from each show:
    - a. Points are accumulated based upon points given for each classification listed.
    - b. Points are based upon highest point given for a classification; points for any koi will be limited to only one classification award (clubs promoting koi shows should consider a move-up system to allow more potential for point accumulation).
